

SMRT COMPACT

150N PFD

The newly developed sMRT Compact is a 150N ISO12402 approved inflatable life jacket which has been specifically designed for heavy duty use with a wipe clean PVC reinforced front cover.

Manufactured to be integrated with sMRT MOB Personal Locator Beacons, its high cut feature allows freedom of movement for workers. Ideal for any type of work around water, this jacket comes with a quick burst zip opening instead of a velcro system.
